Dear Commissioners

I know my required form F-1 was received by PDC many months past the due date, but I had every intention of submitting it in a timely manner. I have no excuse for not sending the F-1 in on time, except that I had it in a pile of mail to take care of and later misplaced it. I eventually found the form and mailed it to Philip Stutzman per his request.

I recently found that the charge for late submission had increased by quite a lot. If I had been aware of this, I am pretty sure it would have given me the incentive to get the form in on time.

Please accept my apology for being a chronic procrastinator.

Please take into consideration, with regard to the penalty, that I eventually submitted my forms in the past incidents and this year. It would be very hard for me to pay a large penalty with the salary I make as a state worker. In the future I am quite sure my form will be submitted before the due date.

I try to be short and to the point and hope you will take it as just that.

Thank you for hearing me.
